github.com/Intakhab08 Greater Noida, U.P.

Profile

Software Engineer skilled in Java, Spring Boot, and ReactJS with hands-on experience in building scalable web applications and RESTful APIs. Strong foundation in operating systems and data structures.

Education

Sep 2020 – Jul 2024 **Bachelor of Technology (Information Technology)**
Noida Institute Of Engineering and Technology
8.29 GPA

Professional Experience

May 2024 – present **Software Developer**
Coforge Limited (Client : American Airlines)
• Collaborated in Agile sprints with cross-functional teams to implement full-stack features from design to deployment.
• Wrote unit and integration tests to improve code quality and maintainability.
• Participated in performance tuning and backend optimization discussions.

Dec 2023 – Mar 2024 **Software Developer Intern**
Uniconverge Technologies Pvt. Ltd
• Collaborated with developers and designers to build web applications using React.js for dynamic UIs and Spring Boot for backend logic.
• Used Git for version control to manage code and streamline team collaboration.

Projects

Ads Management System ✓
• Built a city-classified platform with Spring Boot, React, and MySQL, boosting ad management efficiency by 30%.
• Developed scalable RESTful APIs, improving backend response times by 25%.
• Optimized database schemas and queries, enhancing data retrieval speed by 40%.
• **Technology Used** :- Spring Boot, React, MySQL

Tech Blog Website ✓
• **Enhanced User Interaction:** Add commenting, liking, sharing, and improved navigation to boost engagement by 20% and usability by 25%.
• **Performance Optimization:** Utilized JDBC connection pooling to enhance database connectivity and improve latency by 30%.
• **Database Schema Design:** Database optimization schema for scalability, improving query performance by 40%.

Skills

Languages: Java, JavaScript	Frameworks: Spring Boot, Spring Data JPA, React
Persistent Tools: JDBC, Hibernate	Database: RDBMS (MySQL, SQL)
Tools: Git, Maven, Gradle, Postman, Swagger	IDE: IntelliJ IDEA, Eclipse, Visual Studio Code

Concepts
OOP, Data Structures and Algorithms, REST
